*Documentation will be supplied to you for tax deductible contribution.

Sweet Charities
Cancer Patient Fund

For many patients and their families, the cost of cancer care can be an enormous financial burden. The SWEET CHARITIES CANCER PATIENT FUND has been established to provide assistance to these individuals. The Fund will NOT be used to pay for medical treatment or hospital bills, but rather for daily living expenses such as rent, food, utility bills and other essentials. The Fund is being administered by the Social Work Department of the Hanover Hospital as those clients fighting this devastating disease are known by the Hospital staff and will apply for assistance there. Your support has allowed us to touch the lives and give hope to numerous members of our community through your donations in excess of \$165,000.

Sweet Charities of Hanover, Inc.
 Sweet Charities is a non-profit organization formed to support many different other non-profit area groups in need of funding. We operate as a foundation does, reserving the right to select the organizations to whom we contribute.

We comprise a group of caring individuals who receive no pay for their involvement in the organization. We have no paid staff and no designated facility from which to operate.
